Our Town

We, the Seniors of 1956, want to remember our town as well as our school, so this book is going to be about Our Town as well as Our School. Let me be your guide and tell you a few facts about Our Town... maybe show you a few of our main buildings.

Proctor's just one of many small towns in Vermont, but Our Town (it's really just a village) is pretty special to us... guess everyone feels that way about his town.

Proctor's a clean, peaceful little town, snuggled between two rolling green mountains. Prettiest sight you ever saw, those mountains. Yep, Proctor sure is a pretty spot. Most of the houses are white... got a few modern ones up on Chatterton Park.

Proctor's the home of the Vermont Marble Company... claims the World's Largest Marble Exhibit. Every year thousands of city folk come to see it.

The population of our school, countin' the junior high is about 140. we're right proud of this school... townspeople built it just three years ago... it has a beautiful gymnasium... lost only few basketball game on our court so far. The baseball field and the tennis court are right nearby. Tennis court was built just last year. All the kids are planning to be tennis champs now. Up behind the school is the skatin' rink, a natural beauty spot with big pine trees guardin' it... fine place for fun and romance. Behind the rink's a long curving road. Town closes it off for slidin' in the winter. If you have a likin' for summer sports, just take a short walk up the hill to the right of the school and you'll see the Swimmin' Pool... kids spend the whole summer there.

Otter Creek runs through the middle of Our Town. On the east side of the creek is South Street... mostly all the buildin's over here are houses, except for the Catholic Church. Folks are always stoppin' here to take pictures. Sure is a pretty church, all white marble. Across from the church is the Cemetery... Catholics use one half, and Protestants the other... many loved ones are restin' there.

Up on Hospital Hill's the Proctor Hospital... guess most everybody makes a trip up there sometime. Comin' off Hospital Hill the road goes past the Library, then keeps on goin' over the Marble Bridge that connects one side of town with the other... tourists are always taking pictures of the bridge too. Now we're on the west side of town... business district is here. The first buildin' we come to has four floors... rifle range in the basement, drugstore and food market on the first floor, office and

barber shop on the second, and a big hall on the last. Hall's used for dances, meetings, suppers, card games, weddin' receptions - in fact it's used for everything. Down the street a ways is the Town Hall... just had the inside all fixed up... plays are held there in summer. Jail's in the basement. Next to the Town Hall is the Club... kids used to go there nights and play basketball and ping pong... now the National Guard headquarters is there. Town Clerk's Office comes next... band plays on the terrace here. The Bank stands right on the corner, and the park's across the street. Vermont Marble Company's Office is just beyond the corner. Lots of wonderful things built with Vermont marble, such as the United Nations Building, and Jefferson Monument - Yep, Marble's wonderful stuff. The Union Church and the Lutheran Church are on this side of town. Must be lots of good people in Proctor, town's got four churches in all. Guess that's all there is to say about Our Town just now.

The next few pages are given to the Administration... the men who keep this school runnin' smoothly... and the faculty... seems to me as though they'd give up tryin' to get any learnin' through our hard heads. Guess they know what they're doing though 'cause they've turned out some mighty important citizens.

Turn a few more pages and you'll come right smack into the Seniors... not a bad bunch of kids when you come right down to it... most of 'em have big plans for the future, 'course some aren't decided.

Next we meet the Classes... these are the kids who will someday be seniors... hope they have as happy school life as had the Class of '56.

Organizations and Activities are the next two divisions of this book... these keep us pretty busy most of the time.

Then comes the Athletics section. Our school plays soccer, basketball and baseball, but basketball is our main sport... won the Class "C" Tournament in Barre last year.

Reckon you know what's in the last section - the Advertisements... never could have had a yearbook if it weren't for them. Be sure to read 'em, won't you?

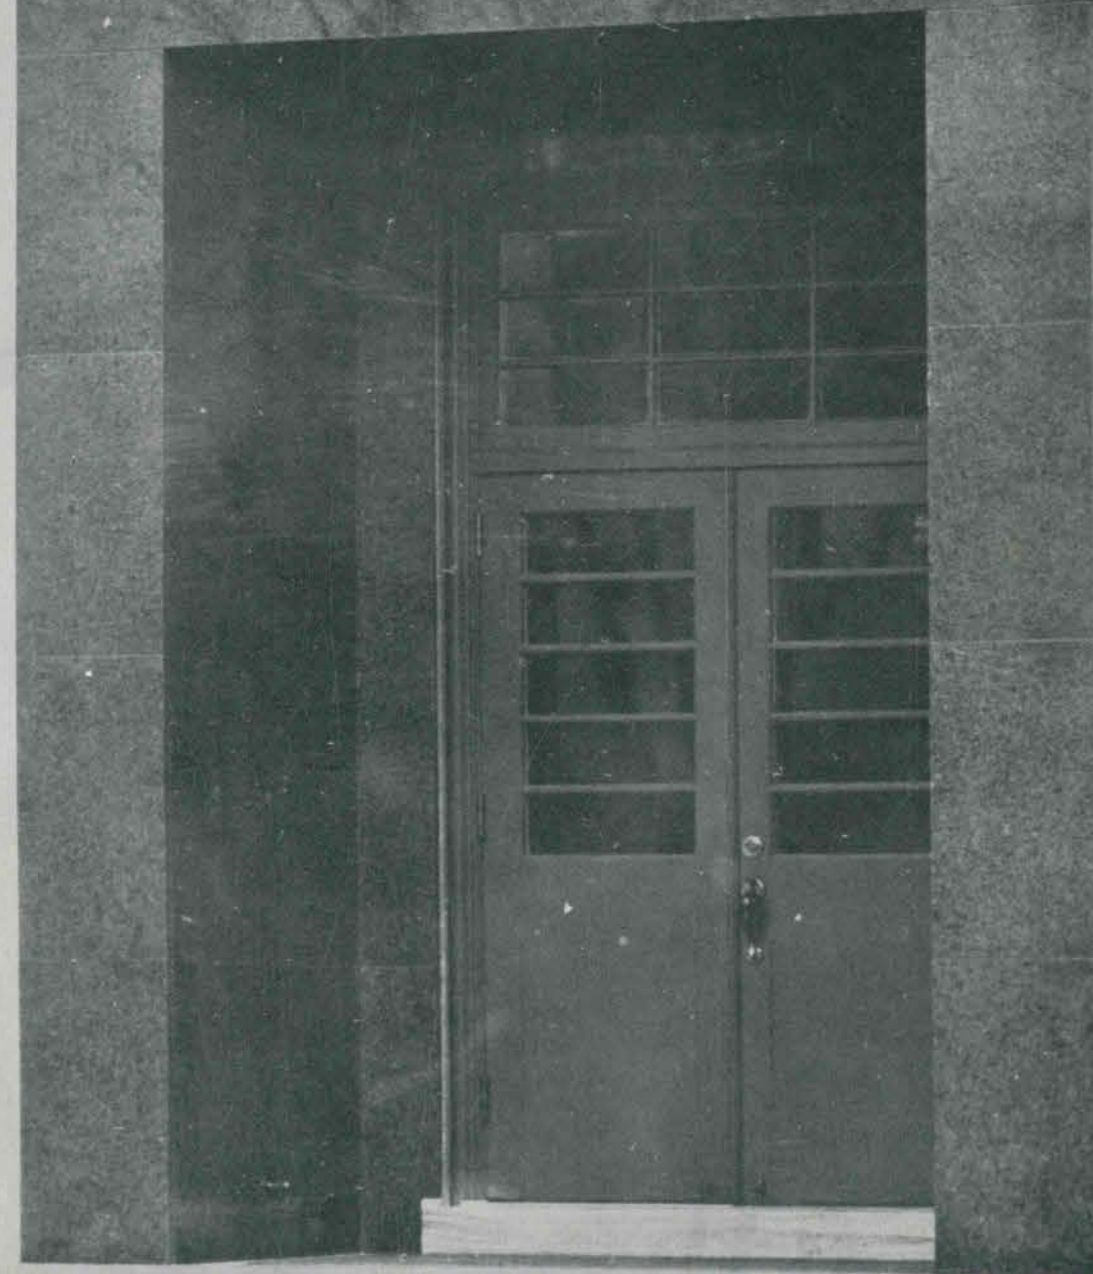

Dedication

To Mrs. Doris Miller whose friendship, guidance, and inspiration have endeared her to the class of 1956, we fondly and proudly dedicate this edition of The Proctorian.

Organizations

Organizations keep us busy at Proctor.

The Proctorian

Now, here you see pictures of the kids workin' on this yearbook . . . there have probably been better Proctorians than ours, and there might even be a better one in the future, but we've worked hard on this, and some day we'll find a lot of pleasure lookin' over these pages and seein' our old school chums . . . Up in the left corner's the Art Department . . . upper right's the Business Board. In the circle are the Editors and Advisor . . . typists are lower left.

The Sutherland

. . . And here are some pictures of the Sutherland staff. They put out our school paper . . . just about everyone in school buys one . . . might have their name in it . . . never can tell. The alumni buy it too . . . like to keep up with what's goin' on in school . . . upper left are News, Sports, and Alumni Editors and Class Reporters . . . upper right, the Literary, Features and Art staffs. Editor-in-chief, Assistant Editor and Advisors are in the circle . . . lower right are the Business Board and Typists.

Triple Trio

The Triple Trio and the Glee Club are a big part of our school's activities . . . most every girl in high school belongs to the Glee Club. Triple Trio is for extra-special numbers . . . too bad Barbara Hella's missin' from this picture. Glee Club puts on concerts in the spring and at Christmas . . . just about the prettiest music you ever did hear . . . it always surprises the townsfolk that girls who shout at basketball games can make such pleasant sounds - when they want to.

Glee Club

Boys' Ensemble

. . . And then there's the orchestra and the Boys' Ensemble. The orchestra is usually seen and heard when the Glee Club performs . . . hardest workin' bunch of boys and girls you ever did see . . . take their instruments home 'bout once a month to practice. They're goin' to lose two violins, a saxophone and a clarinet when the Seniors graduate this June.

There's not much to say 'bout the Boys' Ensemble. Don't hear much from them except when they're practicin', but they'll be performin' soon.

Orchestra

F.H.A.

These are the officers of F.H.A. . . .
Future Homemakers of America that is . . .
just started the club 'bout two years ago.
They're always havin' parties and suppers.

Student Council

Student Council's 'bout the most
important organization in school . . .
meet every Monday with the principal
. . . talk over school problems . . .
current problem is how to get curtains
for the auditorium.

Assembly Committee

These kids are on the Assembly
Committee . . . they plan a program
for every Friday . . . we've had some
mighty interestin' ones this year.

Activities

Emily Webb and George Gibbs are married.

Dances

Here you see pictures of two of our big dances . . . Sadie Hawkins Dance always gets the biggest crowd . . . maybe it's because the girls ask the boys . . . nothin' formal 'bout this affair . . . all wear dungarees . . . square dancin' is the most fun. All the Dog Patch characters turn out for this. John Pelchat and Jean Curtis were crowned this year.

This here is one of our more formal dances, the Senior Ball. That's the King and Queen of Hearts, Ronnie Fay and Phyllis Dawson. John Capen's Cupid. Besides this dance we have the Junior Prom, Sophomore Hop and Freshman Reception . . . they give the kids a chance to dress up and be like grownups . . . learn the social graces as they say.

After the ball is over . . . seems like the saddest part of a dance is the cleanin' up . . . you work so hard puttin' up all the decorations and before you know it it's all over . . . only things left are some wonderful memories. That's what's left of what was a beautiful ceilin' hung with hearts.

Honors and Awards

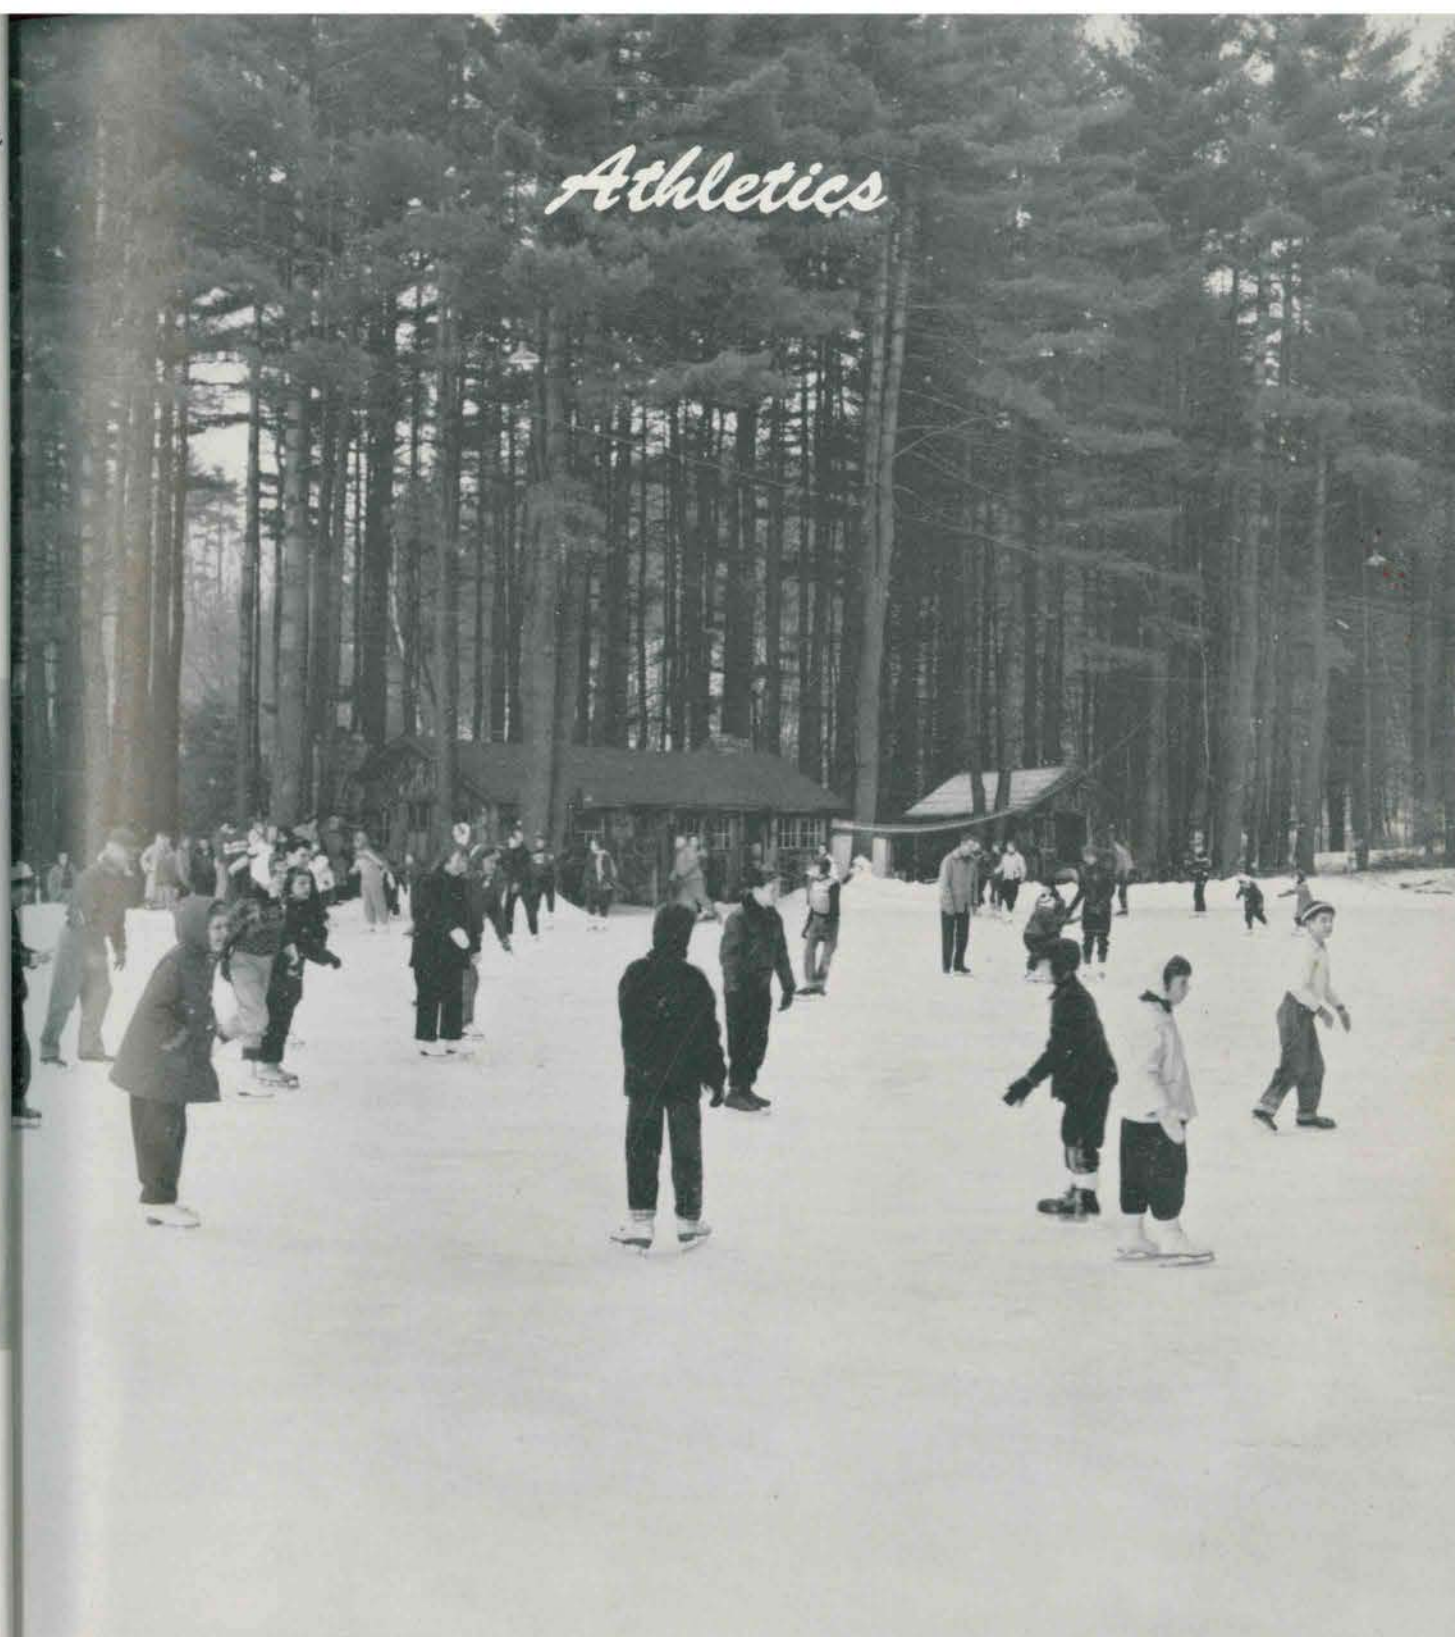

Here are the kids who earned honors for our school this year. On the left are Sonja Nelson, D. A. R. girl, and Elaine Illinski, Class "C" Tournament Queen.

Above we have David Emerson, Judy Hyde and Raymond Roy, winners of the Prize Speaking Contest; David Reissig, Captain of All-Tourney Team; and David Emerson, President of State Student Council.

At the left are Barbara Hella and Elaine Illinski, Cotillion Girls.

Athletics

Our Town has a beautiful skating rink.

Look at that boy jump... looks like Ted Pentkowski... by the looks of things the boys are playin' as hard as usual...

Below are the high-steppin' cheerleaders... sure are a peppy group... funny how proud they make us all feel when they sing the school song between the games... kinda brings a lump to the throat... no matter how many times it's sung.

Our Team

These here are pictures of our team and cheerleaders... sure make quite a portrait don't they? Had a mighty wonderful basketball season this year, winnin' the Class "C" championship for the sec-

ond year in a row. Girls worked almost as hard as the boys. That's our little mascot down in front... Marsha Landon... isn't she the cutest little thing?... She'll be Tournament Queen some day.

VARSITY TEAM & CHEERLEADERS

Front: Mascot M. Landon.
Second row: D. Buggiani; J. Hyde, B. Hella, I. Baccei, C. L'Herault, E. Illinski.
Third row: T. Lertola, H. Burgess, R.

Landon.
Fourth row: J. Curtis, D. Ratti, G. Gurbacs, T. Pentkowski.
Fifth row: A. King, D. Reissig, J. Pelchat.

ALL-TOURNEY TEAM

Take a look at these pictures. Recognize anyone? Sure enough, three of our boys made the All-Tourney Team this year.

... Picture below shows the happy Phantoms holdin' the trophy... just look at that prize... this sure is a moment to remember... never saw so many happy people as when that final game was over.

Junior Varsity Basketball Team

On this page are the kids who will someday be the Varsity---J. V. Cheerleaders yell as loud for their team as the Varsity cheerleaders do---must have done some good too 'cause the boys lost only one game this year.

Junior Varsity Cheerleaders

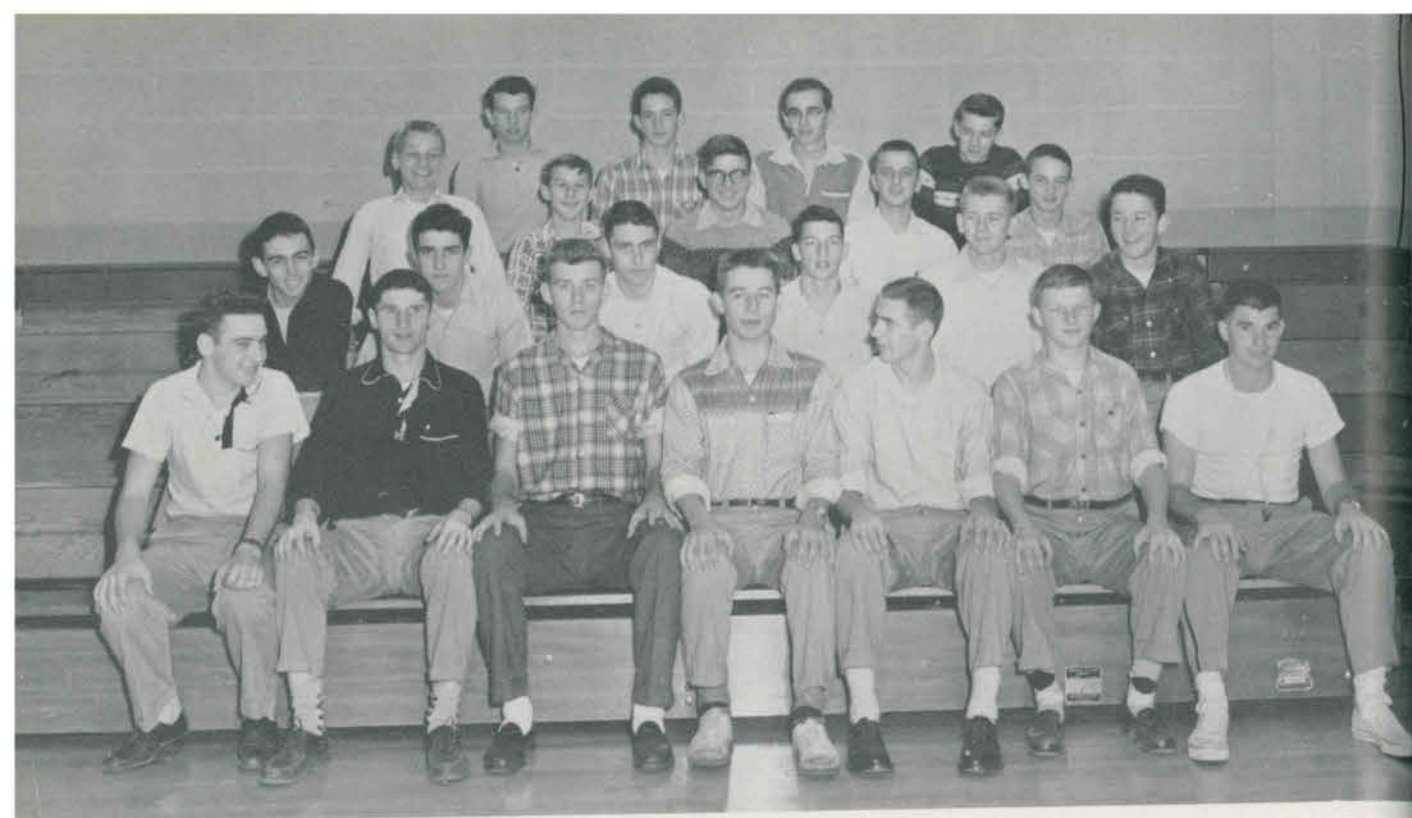

Girls' Basketball

We have a pretty good girls' basketball team too...some years they don't do so well, but they sure have a lot of fun playin'.

Below we have the team captains...the kids that give their teams that extra drive, that special spirit needed to be winners.

Co-Captains, Boys' Basketball and Captain, Girls' Basketball.

Soccer Team

These here are pictures of our soccer and baseball teams...just about the same boys play on both teams. Just started playin' soccer couple of years ago...sorta' takes the place of football...didn't do too bad in it either...won a trophy in 1954. Now, baseball that's another story...have a lot of fun playin' the game though. Too bad the uniforms were in moth balls when we had the picture taken.

Baseball Team

BEFORE THE GAME

Boys look ready for action...all scrubbed lookin' and fresh...mighty confident too.

DURING THE GAME

Looks 's if the Phantoms have the edge here...have a little fight on their hands though.

AFTER THE GAME

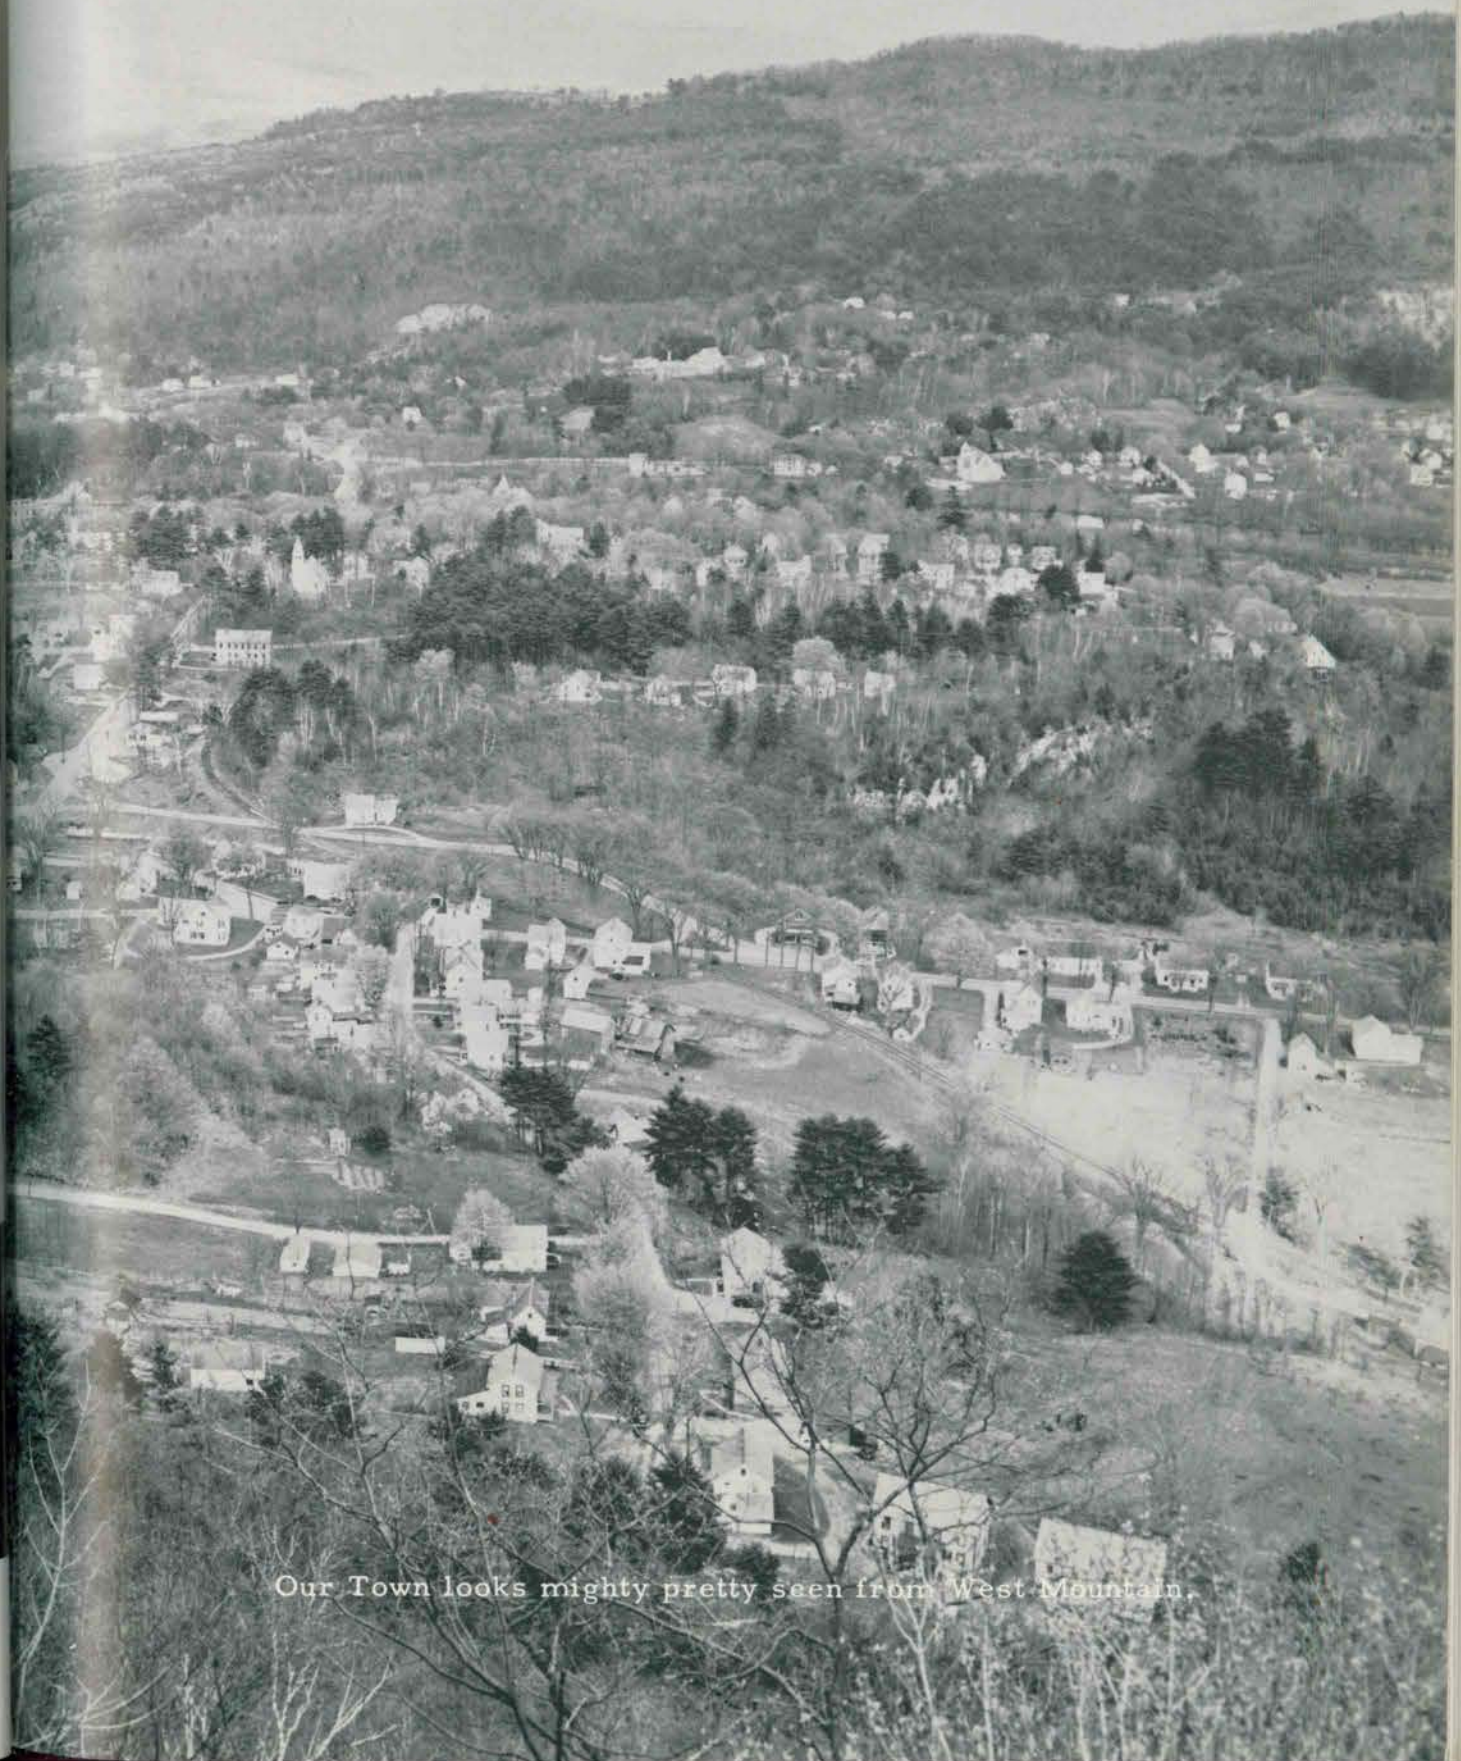

Boys look a little tuckered out...but victorious. This one's just for laughs.

Proctor Phantoms, we're off!

STUDIOS

Rutland, Vermont

e a good look at these two pictures...they tell the beginnin' and the end of our story. They're
 kids only twelve years older and wiser. Some haven't changed too much...some have moved
 other towns...couple of others joined the class later. Same pose, same kids...time does fly!
